## The Point Difference:

Point Real Estate is a full-service, boutique real estate firm operated by talented professionals with expertise in multiple sectors of the real estate industry. Our knowledge-based, analytical approach creates confident customer decisions, is founded on delivering only the highest and best services, and consistently produces exceptional results and long-lasting customer relationships.

### Homes & Condominiums

The Point Real Estate team is experienced with everything from bank-owned homes to multi-million dollar lake estates. Our sophisticated approach leads to satisfied customers and well managed transactions.

### Development & Consulting

Our team provides professional services to assist our clients with project planning, entitlements and construction administration. We can help you take a project from conception to closing.

### Residential Homesites

Point Real Estate assists clients in making well-informed decisions throughout the homesite selection and acquisition process. We have been an exclusive broker on dozens of homesite projects and work with many quality builders.

### Technology & Market Research

We utilize cutting edge real estate technology to ensure that you have the most accurate market data. We can create web-based sales and marketing plans to maximize exposure.

### Vacant Land

Our expertise and market knowledge is invaluable in understanding the details of each unique parcel of land. We can advise you on how and when to bring your asset to the marketplace.

### Multi-Family Properties

Point Real Estate works with residential and commercial brokers and real estate investors, to achieve full market coverage and the highest quality of service for our clients.
